

### **Remarks**

This Request for Continued Examination is provided in response to the Advisory Action (Paper No. 9) mailed August 28, 2003.

The Applicants gratefully acknowledge the allowed subject matter of claims 26-37. These claims have not been amended herein.

### **Request for Telephonic Interview**

The Applicant's representative requests a telephonic interview, preferably after such time that the Examiner has reviewed the subject matter of the amended claims herein but before issuing an Office Action on the merits. This interview is justified because there are unresolved issues concerning the claim construction of explicitly recited limitations in relation to the work piece introduced only in the preamble. Also, there are unresolved issues concerning the structure of Gee '976 in relation to the structural limitations set forth in the claims. An interview will be profitable in discussing these issues and facilitating passing the allowable claims to issuance. Attached is the requisite form PTO-413A requesting the interview, with the proposed time left to the Examiner's determination for his convenience. The Examiner may reach Applicant's representative at either the phone number or FAX number below to communicate the desired interview date and time.

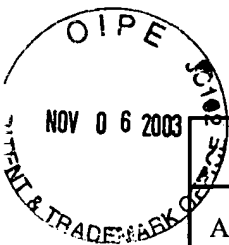

The Amendments contained herein are proper, do not add new matter, and serve to obviate all rejections. Accordingly the Applicants respectfully request reconsideration and allowance of all pending claims. The Examiner is encouraged to contact the

Applicant's representative below for any matter that might further facilitate prosecution on the merits.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Mitchell K. McCarthy', is written over a horizontal line.
